Saturday: By Appt Only

Dear Valued Patient

We appreciate you choosing Pure Wellness for chiropractic care. We are empathetic towards your recent injuries sustained in your auto accident. Our goal at Pure Wellness is to help you achieve wellness and optimize your time by assisting with you medical bills.

In the next couple of days you will receive a Personal Injury Protection application also called a "PIP" application, from your insurance company requiring your signature. This application is to be completed and returned to your carrier as soon as possible. Without your signature the insurance company will be unable to process your medical bills.

If this form is not returned to your carrier within the next 60 days, it is policy to send you a statement of your outstanding balance with our office. Please feel free to contact us at (302) 365-6520 if you have any questions or concerns regarding this application or your account balance. We look forward to helping you!

Thank You,

Holly Corbett  
Billing Department
